

## Invitation of Tender

### Effective Utilization of Information Communication Technology for Partner Communities

**Project number: A-02968-02-505883**

IC is an Indus Consortium naturally developed between three likeminded organizations (HELP Foundation, Laar Humanitarian and Development Programme and Doaba Foundation) on the common agenda of “making partner communities more resilient and prosperous”. It believes in community led initiatives. Both IC and ON believes in rights based approach and that everybody has right to information and education.

A project on “Effective Utilization of Information Communication Technology for Partner Communities” is being implemented in five districts (Thatta, Badin) of Sindh and (Muzafar Garh, Multan, and Rajanpur) of Punjab. The below mentioned items are needed for this project.
